**Rachel Collier**

**Way Chill Life**

Hello, my name is Rachel Collier, owner and found of Way Chill Life LLC. My soul's purpose in life is to spread love, light and consciousness throughout the world with energy healing and teaching. By bringing inner peace to the individual it will bring greater peace to the world, As Above, So Below. Through love and consciousness, healing is achieved on an emotional and physical level.

I believe all religions have magic and personal truths within them. I created Way Chill Life to help you to love, have great health and be conscious of your life and what exists around you.

I am a 1st Dan Master Rainbow Reiki, Licensed Angelic Teacher & Healer, and Master de Usui Reiki. I have been studying world religions and healing since I was ten years old. I believe deeply in a combined learning; you have much to teach me, as I have much to teach you. By working together, I will assist you in reconnecting to the Earth, to the guides, to guardian angels, and to yourself. For the past several years, I have enjoyed lecturing and teaching (Los Angeles, New Orleans, Covington, Sedona), as well as my residency at Earthsavers. I do efficient focused healing in private or group sessions, it is amazing what shifts can happen in 30 minutes. Love and Light
